Come to decide that the things that I tried
 Were in my life just to get high on
 When I sit alone come get a little more known
 But I need more than myself this time
 Step from the road to the sea to the sky
 And I do believe what we rely on
 When I lay it on Come get to play on
 All my life to sacrifice
 Hey oh listen what I say oh I got your
 Hey oh listen what I say oh

When will I know that I really can't go
 To the well one more time to decide on
 When it's killing me When will I really see
 All that I need to look inside
 Come to believe that I better not leave
 Before I get my chance to ride
 When it's killing me What do I really need
 All that I need to look inside

*The more I see the less I know
 The more I like to let It go hey oh
 Deep beneath the cover of another perfect wonder
 Where it's so white as snow
 Privately divided by a world so undecided
 And there's nowhere to go
 In beneath the cover of another perfect wonder
 Where it's so white as snow
 Running through a field where all my tracks will
 Be concealed and there is nowhere to go*

When to descend to amend for a friend
 All the channels that have broken down
 Now you bring it up, I'm gonna ring it up
 Just to hear you sing it out
 Step from the road to the sea to the sky
 And I do believe what we rely on
 When I lay it on Come get to play on
 All my life to sacrifice
